

IT is an integral part of our business, providing leading edge technology and fully integrated computer systems to support the smooth running of the Business. Our vision is 'Taking responsibility for the water environment for good', and with you to help us, we'll achieve this. We have approximately 270 people working across a wide range of disciplines, an infrastructure of leading edge technologies, an excess of 1000 remote users, 2,500 networked PC's, 3000 Lotus Notes users and 4000 users runn
